

SAFE-T-SCOPE 270™

270° TRI-VIEW CAMERA SYSTEM

P/N: STSK270217B (TYPE C/D BUS)
STSK270217D (TYPE A BUS)

Rosco's Safe-T-Scope 270™ has the proven reliability of the Safe-T-Scope® Series of Camera systems with front and rear coverage of the vehicle to comply with Abigail's Law.

Bus operating conditions demand the highest level of awareness by the bus operator. Safe-T-Scope 270™ provides front and rear visibility to the driver to help prevent collisions with Vulnerable Road Users (VRUs), objects and vehicles around the bus.

Enlarged view of rear and front of the bus.

Safe-T-Scope 270™ has been developed to reduce collisions and increase safety. Three camera images provide three views, in front of, behind & on desired side of the vehicle, reducing blind spots and displaying VRUs and other obstacles in blind zones.

Three cameras, each with 180° Field of Vision allow the driver to see everything in front of, behind and on the desired of side the vehicle.
